

ORGANIC HORTICULTURE COURSES

FEES FREE

Do you want to learn sustainable living practices?

If you have a small city garden, help in a community garden or have a lifestyle block, this course will provide you with skills to garden organically.

Sustainable Rural Development: Level 3

When: Monday/Tuesday for 17 weeks.

Start: 20 July to 1 December 2015 Time: 9.00-2.30pm

- Beekeeping – learn what goes on inside the hive and to the honey you eat!
- Orchards – learn to plan and plant your own orchard for year round fruit.
- Native Plants – learn how to use native plants in the garden or round streams and ponds.
- Small home based project of your own.

At Sanders House in Sanders Reserve in rural Paremoremo, you will learn all necessary gardening skills as well as the specific topics.

The classes are free, fun, social with plenty of interesting field trips.
